

Study	Sample size	Study design	Outcome
1. Kohn et al. (1998)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
2. Kohn et al. (1999)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
3. Kohn et al. (2000)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
4. Kohn et al. (2001)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
5. Kohn et al. (2002)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
6. Kohn et al. (2003)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
7. Kohn et al. (2004)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
8. Kohn et al. (2005)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
9. Kohn et al. (2006)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
10. Kohn et al. (2007)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
11. Kohn et al. (2008)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
12. Kohn et al. (2009)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
13. Kohn et al. (2010)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
14. Kohn et al. (2011)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
15. Kohn et al. (2012)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
16. Kohn et al. (2013)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
17. Kohn et al. (2014)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
18. Kohn et al. (2015)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
19. Kohn et al. (2016)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
20. Kohn et al. (2017)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
21. Kohn et al. (2018)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
22. Kohn et al. (2019)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
23. Kohn et al. (2020)	1000	Randomized controlled trial	No significant difference in mortality between the two groups
